

# Loving Pets & Handlers Needed

There are so many people who love animals, but not all are able to keep them as full-time pets. We live in college dorms, senior homes, and tiny apartments, not to mention the financial responsibility of owning a pet. Paws-to-Share brings the love of a pet to these people. Our clients schedule visits with the animal of their choosing, and a handler accompanies the pet to either the client's home, or a public space; in this way, we ensure the experience is rewarding for both our pets and our clients. As the visits continue, our clients develop a loving relationship and a new best friend.

Paws-to-Share is in the process of launching this service, and we are looking for pets, and handlers, with the right temperaments. Because this is all about helping build a relationship between client and pet, we are looking for handlers that can commit to:

- 🐾 Being available at least three times a week for 3 hours (maximum) each day
- 🐾 Committing to providing this service for a minimum of a year

So what are we looking for in our pets, and our handlers?

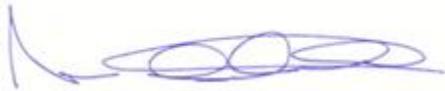

Pets	Handlers
🐾 A <i>pet</i> with a warm and engaging temperament	🐾 A person with a warm and engaging temperament
🐾 A desire to be with people and be petted	🐾 A “people” person
🐾 Good ‘social skills’ around other pets	🐾 Good social skills — knowing when to interact and when to hold back
🐾 Walks nicely while on leash	🐾 Leads their pet on a leash authoritatively
🐾 Demonstrates NO aggressive behaviors	🐾 Reserves their aggressive behaviors for traffic
🐾 Heeds its handler’s commands, including sit, down, stay, and drop	🐾 Comfortable giving commands to their pet (unless it’s a cat, they do what they want)
🐾 Not easily startled — this includes being comfortable with wheelchairs, walkers, etc.	🐾 Not easily startled
🐾 Up-to-date on vaccinations, and veterinary check-ups	🐾 Can provide up-to-date records of pet vaccinations and check ups
🐾 Comfortable traveling in a car	🐾 Comfortable traveling in a car—with valid driver’s license, registration and insurance
🐾 Well groomed, and free of pests (fleas, ticks, etc.)	🐾 Keeps their pet well groomed — and has good personal hygiene)
🐾 A pet that is micro-chipped	🐾 A person who has microchipped their pet

\* Note, we are interested in providing visits both for dogs and for cats.

If you're interested in joining Paws-to-Share as a handler, are interested in our services, would like to discuss the opportunities in more detail, or would just like to chat about being a pet owner, please provide your information at [www.paws-to-share.com](http://www.paws-to-share.com), or leave a message at 888.695.6845.

I truly look forward to the opportunity of speaking with you, and learning more about you and your pets, so please do not hesitate to contact me.

Regards,
